### **Team Selection**

Upon the conclusion of assessments, the coach's candidates (by level) will meet upstairs in the Complex Conference Room and go through the assessment scores. **Note:** No more than five (5) players may be selected from one area for any single All Star team.

Once completed, the prospective coaches will turn over their rosters to the All Star Committee.

### **Final Rosters**

Final Rosters will be released on the Thursday immediately following the Assessments. At that time, the All Star Head Coaches can begin to contact their team's.
